BRISBANE QLD 4001

Department of **Main Roads**

Dear Mr Murdoch and Ms Martin

### **Boggo Road Pedestrian/Cycle Connection**

Thank you for your letter dated 20 September on behalf of the Brisbane Central Business District Bicycle User Group (CBDBUG) regarding planning for a pedestrian / cycle connection (the connection) being considered in conjunction with the Boggo Road Busway. This is a connection to link Dutton Park and the "Green Bridge" with Ipswich Road and the cycleway adjacent to the Southeast Freeway.

Your concern that CBDBUG is not directly involved in the consultation and workshopping for planning of this connection is noted, and this matter has previously been discussed with Mr John Nightingale of your organisation. CBDBUG is recognised as one of a number of cycling groups that has an interest in planning of this connection. To ensure that the interests of all cyclists in Brisbane are considered in the planning process, this department has invited Bicycle Queensland to be involved in consultation and workshopping during these early planning activities. Bicycle Qld has undertaken to communicate information on planning of the connection to all interested bicycle user groups. We are pleased to note from your letter that Bicycle Queensland is indeed meeting its undertaking, and you have been informed of the outcome of a recent workshop.

In your letter you have provided some comment on the alternatives being considered, and have given qualified support for one of the alternatives identified for further investigation. We thank you for this input, and assure you it will be considered as planning of the connection progresses.

Again we thank you for this letter, however we would appreciate it if any future comment is channelled through Bicycle Queensland so that we can have the benefit of coordinated comment from all interested cycle groups.

Yours sincerely

A handwritten signature in black ink, appearing to read "Shane Doran".

Shane Doran
