MORE INFORMATION:

To prepare for the opening of the Morrisey Street Overpass the following work will be required:

- ⇒ Grinding the existing road markings from the road surface and painting new line markings
- ⇒ Installing traffic barriers in the centre of the Ipswich Road between Harrogate Street and Redfern Street to assist with the identification of new traffic lanes
- ⇒ Installing traffic, cyclist and pedestrian signage on Ipswich Road and surrounding streets
- ⇒ Reinstating footpaths, kerbs and gutters
- ⇒ Some of this work will occur at night due to the requirement to avoid daytime traffic congestion

FUTURE WORK IN THE AREA:

- ⇒ Completion of the Harrogate Street foot and cycle bridge over the Pacific Motorway to join the new bikeway
- ⇒ Excavating the NSBT entry and exit ramps to/from the Pacific Motorway and Ipswich Road
- ⇒ Ongoing excavation of the Ipswich Road underpass (through road for citybound traffic)
- ⇒ Construction of the Ipswich Road pedestrian underpass close to O'Keefe Street
- ⇒ Ongoing widening of the northbound lanes of the Pacific Motorway
- ⇒ Ongoing widening of Ipswich Road between O'Keefe Street and Balaclava Street, Woolloongabba
