Update – South-East Freeway bikeway diversion route

Change to current cycle detour route

Please be advised that from 24 November 2006 there will be a minor change to the current SEF bikeway detour route. This change will be in place for three weeks.

Cyclists will be diverted from the cycle path at the Albert Street traffic lights and will travel on the upgraded shared bikeway/pedestrian footpath on the inbound side of Ipswich Road. Cyclists will then connect with a temporary cycle path alongside the former ambulance station. This path will then connect with the existing SEF bikeway. Cyclists travelling outbound will take the reverse route.

Signage will be in place to guide cyclists.

For more information please call 1800 22 36 37.
