

CHANGED PEDESTRIAN AND CYCLE CONDITIONS

from Monday 28 March

- A section of the Arbour will be closed to pedestrians between the Ship Inn and Decks Restaurant.
- Bicycle traffic ONLY permitted along this section of the Arbour.
- Cyclists should observe caution as path narrows.

A section of the South Bank Arbour will be temporarily closed to pedestrians between The Ship Inn and Decks Restaurant from Monday 28 March for approximately five weeks (please see map on reverse).

This section of the Arbour will be open to bicycle traffic only for this period.

Pedestrians will have alternative access via the path near Mado's and Timmy's restaurant and the Griffith University campus.

Due to changed conditions and narrowing of the path, cyclists are recommended to slow down and dismount.

The changed traffic conditions will be in place for the safety of both pedestrians and cyclists. Please follow the direction of traffic controllers and signage.

This work relates to the final stages of construction of South Bank's newest riverfront dining precinct.

Once complete, the project will include an extension of the Clem Jones Promenade through to Sidon Street, this will become the new bicycle access, returning the Arbour to pedestrian traffic only.

For more information please contact info@south-bank.net.au.
