

Bicentennial Bikeway – Hale Street west upgrade Construction works advance notification

Project enquiries: 1800 727 923

The following works will take place between Monday 13 December and Friday 24 December 2010 (weather permitting).

Date	Site location	Work being carried out
Bicentennial Bikeway		
13 – 18 December	Along the bikeway between Graham Street to the Go Between Bridge	<ul style="list-style-type: none">Constructing and installing the temporary side track for cyclists. The existing Cribb Street ramp will be used for construction access and cyclist access under traffic control.Building a scaffold ramp adjacent to the bikeway, west of the existing Cribb Street ramp.
20 – 24 December	Along the bikeway between Graham Street to the Go Between Bridge	<ul style="list-style-type: none">Installing the temporary side track ramp at existing Cribb Street ramp.Building scaffold ramp adjacent to the bikeway, west of the existing Cribb Street ramp.

TRAFFIC AND COMMUNITY IMPACTS

- From December 2010 to April 2011, the Bicentennial Bikeway from Graham Street to the Go Between Bridge will be closed. Construction work will be undertaken from 6am to 6pm Monday to Saturday. Due to the restricted work area, it is likely that work will be undertaken on Sundays and at night.
- Pedestrians and roller bladers must exit the Bicentennial Bikeway at Graham Street, Milton or the Go Between Bridge and use the Coronation Drive footpath (Milton Road side) at all times.
- Until January 2011, cyclists can continue to use the Bicentennial Bikeway.
- From January 2011, cyclists must:
 - use the temporary side track between 5am and 8pm. This side track is being constructed to maintain access during the day. Due to its limited width the side track will be reduced to one-way contra flow traffic management. Controllers will be onsite to manage cyclists and delays of up to five minutes can be expected during peak periods
 - exit the Bicentennial Bikeway at Graham Street, Milton or the Go Between Bridge and use an alternative route between 8pm and 5am. Cyclists exiting the bike path from the Go Between Bridge are exempt.
- Pedestrians, roller bladers and cyclists are to follow the direction of traffic controllers at all times and are asked to proceed with caution through the construction zone.
- Cycle traffic speed through the construction zone is reduced to 10km/h for the duration of the work. Safety is our number one priority. Please travel carefully.
- Advance notification of particularly noisy works or major access changes will be provided to properties within the works area.

CONTACT AND ENQUIRIES

If you have any questions about the project, please contact the Bicentennial Bikeway – Hale Street west project team.
