Bicentennial Bikeway		
20 June – 2 July 2011	Along the bikeway between Graham Street to the Go Between Bridge	<ul style="list-style-type: none">Continuing to construct footings and retaining wall from the Cribb Street ramp to the Go Between BridgeContinuing concreting works from the Cribb Street ramp to the Go Between BridgeUndertaking electrical works

Cyclists detour update

A change to the bikeway alignment between the Go Between Bridge and the Bicentennial Bikeway occurred in June. Cyclists travelling from the Go Between Bridge towards Toowong must enter the bikeway with caution, as they are now required to cross cycle traffic in both directions.

TRAFFIC AND COMMUNITY IMPACTS

- Until mid-2011 the Bicentennial Bikeway will be closed between Graham Street and the Go Between Bridge. Construction work will be undertaken from 6am to 6pm Monday to Saturday.
- Due to the restricted work area, it is likely that work will be undertaken on Sundays and at night.
- Pedestrians (including people in wheel chairs, with prams, on roller blades or scooters) must exit the Bicentennial Bikeway at Graham Street, Milton or the Go Between Bridge and use the Coronation Drive footpath (Milton Road side) at all times.
- Cyclists must:
 - use the temporary side track between 5am and 8pm. This side track will maintain access during the day. Due to its limited width the side track has one-way contra flow traffic management. Controllers will be onsite to manage cyclists and delays of up to five minutes can be expected during peak periods.
 - exit the Bicentennial Bikeway at Graham Street, Milton or the Go Between Bridge and use an alternative route between 8pm and 5am.
- Pedestrians, roller bladers and cyclists are to follow the direction of traffic controllers at all times and are asked to proceed with caution in and around the construction zone.
- Cycle traffic speed through the construction zone is reduced to 10km/h for the duration of the work. Safety is our number one priority. Please travel carefully.
- Advance notification of particularly noisy works or major access changes will be provided to properties within the works area.

CONTACT AND ENQUIRIES

If you have any questions about the project, please contact the Bicentennial Bikeway – Hale Street west project team.
