

## Bicentennial bikeway – Hale Street west upgrade project Construction works advance notification

Project enquiries: 1800 727 923

The following works will take place between Monday 1 August and Saturday 13 August 2011 (weather permitting).

| Date                        | Site location  | Work being carried out   |
|-----------------------------|--|--|
| <b>Bicentennial Bikeway</b> |  |  |
| 1 - 13 August               | Along the bikeway between Graham Street to the Go Between Bridge | <ul style="list-style-type: none"><li>Continuing concreting works from the Cribb Street ramp to the Go Between Bridge</li><li>Laying asphalt along bikeway</li><li>Undertaking landscaping works</li><li>Removing the temporary cyclist side track</li></ul> |

### Temporary cyclist side track removal

Towards the end of next week (5 August 2011), Council will relocate the cycle side track and remove the current scaffold side track. Cyclists will be diverted along a portion of the new section of bikeway between 5am – 8pm. The site will remain closed between 8pm and 5am. Council will provide an update next week on the side track removal. For safety reasons, pedestrians will continue to use the alternative route along the footpath on Coronation Drive until all construction works are completed in August.

### Brisbane Marathon – Sunday 7 August

The Brisbane Marathon will be held on Sunday 7 August and runners will be sharing a portion of the new section of bikeway between the Cribb Street ramp and Go Between Bridge between 7:30am and 10:30am. Runners will also travel along the cyclist side of the Go Between Bridge. Signage, traffic cones, race marshals and Police will be on site to manage and direct traffic. If you have any queries please contact the event organisers directly on 3367 3088.

### TRAFFIC AND COMMUNITY IMPACTS

- The Bicentennial Bikeway will be closed between Graham Street and the Go Between Bridge until August 2011, weather permitting. Construction work will be undertaken from 6am to 6pm Monday to Saturday.
- Due to the restricted work area, it is likely that work will be undertaken on Sundays and at night.
- Pedestrians (including people in wheel chairs, with prams, on roller blades or scooters) must exit the Bicentennial Bikeway at Graham Street, Milton or the Go Between Bridge and use the Coronation Drive footpath (Milton Road side) at all times.
- Cyclists must:
  - use the temporary side track between 5am and 8pm. This side track will maintain access during the day. Due to its limited width the side track has one-way contra flow traffic management. Controllers will be onsite to manage cyclists and delays of up to five minutes can be expected during peak periods.
  - exit the Bicentennial Bikeway at Graham Street, Milton or the Go Between Bridge and use an alternative route between 8pm and 5am.
- Pedestrians, roller bladers and cyclists are to follow the direction of traffic controllers at all times and are asked to proceed with caution in and around the construction zone.
- Cycle traffic speed through the construction zone is reduced to 10km/h for the duration of the work. Safety is our number one priority. Please travel carefully.
- Advance notification of particularly noisy works or major access changes will be provided to properties within the works area.

## **CONTACT AND ENQUIRIES**

If you have any questions about the project, please contact the Bicentennial Bikeway – Hale Street west project team.

- phone 1800 727 923 (freecall) and (07) 3403 8888 (after hours)
